

Welcome

We make it easy to manage your prescription benefits

Learn more about what your plan offers.

After you register at [Caremark.com](https://www.Caremark.com), you'll have access to helpful tools and information, including:

Prescription savings options

Explore ways to save on your medications and get estimates on what you'll pay ahead of time

Find an in-network pharmacy

Choose to pick up your prescriptions at a network pharmacy or have them delivered to you where available.

Check your prior authorizations (PA approvals) where available

Some medications require prior authorization before they're covered. You can check the status of your prior authorization anytime.

Online support anytime

Track prescription costs, explore savings opportunities and find a nearby network pharmacy.

Check the cost of your medication

Compare medication prices and explore lower cost options using the *Check Drug Cost* tool.
